

Environmental Policy Statement

This policy is to ensure that **7 Star Construction Services Limited** complies with specific environmental legislative, Government Guidance and regulatory requirements, Network Rail requirements, and that best practice is followed when reasonably practicable. **7 Star Construction Services Limited** will co-operate with the Communities in which we operate, the Government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour.

7 Star Construction Services Limited will set Environmental Objectives which will include but not limited to –

Pollution

- Fuels, chemicals and other materials used in the course of work are stored, handled and disposed of according to relevant legislation and / or guidelines in order to reduce or eliminate any risk of pollution. Emergency responses are in place in the event of spillage.
- Any discharges to watercourse, groundwater or controlled waters are carried out with consent and / or permission of the relevant regulatory body.

Waste

- **7 Star Construction Services Limited** ensures that any solid, special or other wastes produced as part of their work is properly stored, handled and disposed of by an approved waste operator, with all relevant records being kept for the required period.
- Waste will be segregated and recycled at every opportunity and maintains clean and tidy work sites to ensure minimum inconvenience to clients.

Ecosystems

- Any notifiable or noxious weeds (Giant Hogweed, Ragwort etc.) encountered during the course of work are handled and any waste produced disposed of according to the relevant guidelines and with the consent and / or permission of the relevant body.

Utilities

- The use of energy resources, water resources, materials, and waste produced are monitored and all practical efforts are carried out to use resources efficiently and to reduce waste production.
- Timber products will only be sourced from certified sustainable and legal sources.

This policy will be reviewed annually or where required by legislation changes.
